INTERNATIONAL CONFERENCE & EXHIBITION ON  
“GOVERNMENT MISSIONS & TRENCHLESS TECHNOLOGY”  
8TH & 9TH DECEMBER 2016  
INDIA HABITAT CENTRE, LODHI ROAD, NEW DELHI, INDIA

ORGANIZED BY

INDIAN SOCIETY FOR TRENCHLESS TECHNOLOGY

## No Dig India Show 2016

**N**ation is demonstrating a healthy growth rate on several parameters due to impact of different government missions like Jawaharlal Nehru National Urban Renewal Mission (JNNURM), Urban Infrastructure Development Scheme for Small & Medium Towns (UIDSSMT), North Eastern Region Urban Development Programme (NERUDP), Accelerated Urban Water Supply Programme (AUWSP), National Mission for Clean Ganga (NMCG), Swachh Bharat Mission, Atal Mission for Rejuvenation and Urban Transformation (AMRUT), National Heritage City Development and Augmentation Yojana (HRIDAY), Smart Cities Mission, Make in India, National Urban Information System (NUIS) etc. Most of these missions require subsurface construction activities and at many places such activities have to be executed in densely populated urban areas or geologically challenging regions. Trenchless technology applications have become one of the most important subsurface construction methodology for developing, maintaining, and replacing buried infrastructure components. Success of these missions, therefore requires proper application of Trenchless Technology so that new assets are built while the older assets are properly protected at the same time. This requires adequate ingress of latest information about trenchless and INDSTT, with this objective in mind, is organizing **No Dig India Show 2016 on 8th & 9th December 2016 at India Habitat Centre, New Delhi, India.**

## Why Choose No-Dig India 2016

Sponsoring and Exhibiting at the No- Dig India Show will give you unparalleled access to the decision makers in the trenchless industry - at a time when this is more vital than ever.

Access to buyers is what it's all about, so in addition to some familiar faces, we will also ensure you meet a large number of new entrants to the industry and a wide selection of international representatives.
